Congratulations! Your site has passed review.

You are now ready to put the dōTERRA certified seal on your webpage. Once the seal is visible on your webpage you are allowed to use dōTERRA trademarks, as long as you also make sure all claims made about essential oils and dōTERRA products are from the [Approved Claims List](#). All approved structure functions claims made should follow the example on the Approved Claims List and be marked by the DSHEA disclaimer. ("These statements have not been evaluated by the Food and Drug Administration. This product is not intended to treat, diagnose, cure, or prevent any disease.")

If you have any questions about future content you'd like to post, please feel free to reach out to us prior to posting. We are here to answer your questions and help you understand how to promote dōTERRA products using approved wellness language.
